

GOTESSENS

OFFICE CONFERENCE HOTEL 2018

FROM WORKPLACE
TO CREATIVE SPACE™

FROM WORKPLACE

TO CREATIVE SPACE™

SAY HELLO TO THIS YEAR'S NEWS!

One of the great news this year is that we welcome nine acoustic products from our affiliate company AM Acoustics, which will now be included in our product range. The same acoustic benefits and the same excellent quality, but under the Gotessons flag. This is positive for all, we assure you! We have tagged the products with the label "*by AM Acoustics*" to help you find the products in the catalogue and on the web. Also check out our new booth solution, *Peak Design Booth*, a screen with a slightly sloped shape to create dynamics and space in open landscapes. The popular *The Hut Collection* has again extended its range of products with several creative solutions for the activity-based plan. Plants are needed to create beautiful green oasis; our new artificial plant *Bamboo* is also perfect as a room divider.

PILATES BALL – OFFICE BALLZ

BEAN BAG – OFFICE NAP

ERGO MAT – YOGA

PURE AIR ZONE – SOFA

FEEL GOOD AT WORK

AND INCREASE YOUR PRODUCTIVITY!

With today's progress in the office environment, we are looking for more open landscapes and activity-based work areas. This means a new creative way of working, but it can also mean workplace health risks.

Sound; when more people share the same areas and fewer own offices the noise level increases significantly. With today's architecture that involves a lot of metal, glass and other hard surfaces the sound reflection around and degrades the work environment. When entering the office of tomorrow, it's extra important to think about the acoustics, wall and ceiling sound absorbing products and on interior design products such as screens, carpets and curtains

Read more about acoustic products on page 66-81.

Light; having good and different types of lighting in the workplace is a must. It is important to have good general lighting and that some of the lighting can be directed to avoid reflections and also that brightness can be adjusted individually.

Read more about The Lightning on page 106.

Air; here we struggle with the same problems as with sound, more people in the same spaces, breathing the same air. Indoor air has been for some time worsened due to air pollution, limited ventilation, energy savings. At the same time several major scientific studies show that people will be both healthier and more productive of working in clean air.

Read more about PAZ products on page 24 and 93.

Wellbeing; ergonomically, it's best to change your way of working several times a day. Standing up or sitting on a pilates ball at the desk is proven better for health and promotes the right body posture. To change workplace and position is a way of preventing workplace related injuries. Stand up and walk around when you talk on the phone, invite to so-called "Walk and talk meetings" or why not stop and do some easy workout and exercise at the desk?

Read more about Office Ballz on page 86.

Remember to drink a lot of water and when the noise gets too high, why not put on headphones and listen to relaxing music (or heavy metal!).

CORE MATERIAL

CORE MATERIAL ECOSUND "RAW"

EcoSUND® is our unique core material for sound absorbents which is as good for people as it is for the environment. EcoSUND® is made of recycled PET and is approved in accordance with Öco-Tex Standard 100.
No emissions EcoSUND® is completely free from glue/adhesives and does not emit any emissions or gases.
No harmful fibres EcoSUND® does not release fibres that that itch, irritate or cause allergies.

DESK AND FLOOR SCREENS

An easy way to create a personal space and privacy, even in the most open office landscape. ScreenIT desk and floor screens provide protection against noise while maintaining an open and transparent office. Their colour and shape contribute to a creative and productive environment.

The ScreenIT range has been expanded with several new screens.

SCREENIT A30 Page 14-15

Wooden frame filled with sound absorbing anti-allergy foam and lined with foam laminated textile. Total thickness 40 mm. Tested and ISO A-classed by SP as floor and wall screens, tests results including fire class are available on our website. Max load 6 kg.

SCREENIT A30 SLIDE Page 17

Slidable A30 screen mounted on a rail for horizontal movement. Ideal for workstations placed opposite each other.

SCREENIT A30 FLEXIBLE Page 18

A30 multi-used screen with no holes.

SCREENIT A30 REINFORCED Page 19

A wooden reinforced screen filled with A-classed sound absorbing material, pin able and with foam laminated textile. 40 mm thick. Takes up to 25 kg in accessories, monitors etc.

SCREENIT A30 WITH BUILT IN RAIL Page 20

Reinforced A30 with a built in toolbar. Takes up to 25 kg in accessories, monitors etc.

SCREENIT A30 ALL IN ONE Page 21

Like reinforced A30 but with a built-in (not on) toolbar rail with integrated cable channel inside the screen, exiting under the desk.

SCREENIT A30 DESK BOOTH Page 22

A30 Screen and side screens zipped together.

SCREENIT A30 WITH PLEXI Page 28

A30 with a plexi screen on the top. A perfect combination of sound absorption and visibility.

SCREENIT A30 BOOTH Page 50

Floor screens zipped together to form a booth shape on discrete feet.

PAZ (PURE AIR ZONE)

Table screen that enhances your productivity and health. PAZ combines the functions of sound absorption and air purification in a patented design. 54 mm thick. [Page 24-25](#)

ORDER PROCEDURE SCREENS

1. SELECT SCREEN AND SCREEN SIZE

2. SELECT SCREEN COLOUR

See colour map at [page 8-11](#).
(Contact us for other textiles, colours and sizes.
An extra cost of 55,24€ will be charged per change)

3. SELECT ZIP OR SEAM COLOUR

See colours on [page 11](#).

4. SELECT CLAMPS OR MOUNTS

See [page 32-33](#).

Specify the article number as follows:
Desk screen size - textile colour - zip/seam colour.
Example: 640160- 01- 101.

ORDER PROCEDURE BOOTH

1. SELECT SCREEN AND SCREEN SIZE

2. SELECT SCREEN COLOUR

See colour map at [page 8-11](#).
(Contact us for other textiles, colours and sizes.
An extra cost of 55,24€ will be charged per change)

3. SELECT SEAM COLOUR ON SCREEN

See colours on [page 11](#).

4. SELECT ZIP TO CONNECT SCREENS

See [page 11](#).

5. SELECT CLAMPS OR MOUNTS (ONLY DESK SCREEN)

See [page 32-33](#).

Specify the article number as follows:
Screen booth - textile colour - seam colour - zip colour.
Example: 1178160 - 14 - 206 - 101

SCREENIT STANDARD

[Page 16](#)

The most competitive priced screen with a solid core and foam laminated textile. A-classed transmission effectiveness, meaning NO noise penetration. Total thickness 20 mm. Max load 6 kg.

SCREENIT A40

[Page 26](#)

Material as A30 but with a thicker absorber. Total thickness 50 mm.

SCREENIT AT40

[Page 27](#)

AT40 is made of a solid wood core with A-classed sound absorbing material on both sides. Total thickness 40 mm.

SCREENIT PLEXI

[Page 29](#)

Desk screen made of acrylic plastic (plexi). Available in frosted, smoked, transparent and print.

THE RISING

[Page 44-45](#)

A floor screen that you can raise and lower freely to the desired height.

SCREENIT DESK SCREEN

The screen is developed to maximize sound absorption. It has a wooden frame filled with A-classed sound absorbing material and is coated with a foam laminated textile. It is also possible to use as pinboard. Max load 6 kg. For A30 Reinforced or All In One, see page 19+21.

SCREENIT A30 P1 AND A30 K DESK SCREEN

P1 and A30 K has the same features as the A30, for details see above. The difference is the measurement from the outer edge to the bolt hole. A30 = 45 mm, A30 P1 = 150 mm and A30 K = 250 mm from the outer edge. Article numbers in column beside is for ScreenIT A30, if you want to order A30 P1 or A30 K, please contact Götessons.

For more information see www.gotessons.com.

SCREENIT A40 DESK SCREEN

A40 is constructed with a wooden frame filled with 40 mm A-rated sound absorbing materials and foam laminated textile for a good sound absorption. Total thickness of the screen is 50 mm. Choose from a variety of textiles and combine with seam or zipper.

A40 WITH STRAIGHT CORNERS

A40 is available with straighter design on the corners. Start the article number with 50 instead of 10 when ordering. Ex. 5043160 is a desk screen with width 1600 mm and straight corners. A40 Reinforced is not available with straight corners.

FREEWALL DOUBLE TRACK

The toolbar that suits all accessories. It has a double profile concealing the attachment screws. Recommended mounting height: 310 mm above desk to top of the Freewall.

FREEWALL

The toolbar can be screwed on a desk screen or to a wall. All accessories on pages 36-38 are suitable for the Freewall, Linjé 4Way and most other two line rails. Recommended mounting height: 310 mm above desk to top of the Freewall. The Freewall toolbar can also be fixed directly on the wall or other solid vertical surfaces.

Tip!
For monitor arms and other heavier accessories we recommend the A30 Reinforced with desk mount. See page 19.

FLOOR SCREENS ROOM WITHIN A ROOM

In today's open office landscape, floor screens can make the big difference for the working climate. Screens that form room in the room, screens that take care of noise and buzz from office machines, writing on keyboards and talking colleagues. Everything from flexible screens to room divider and booths can be found on these pages. Do not miss The Hut Collection, this year has been expanded with several new exciting products.

SCREENIT A30 FLOOR SCREEN

A30 Floor screen provides a stable, stylish and practical shielding in open plan areas with an A-classed noise absorption.

SCREENIT A30 FLOOR SCREEN WITH PLEXI

A30 Floorscreen with a plexi screen top. Can only be ordered with seam.

Order procedure for The Rising:
1. Choose screen - choose stand and glass - choose foot set.
2. Add a corner profile if placed in an angle or in a row.
3. Order Foot set.
Specify the article number for the screen as follow:
Screen A30 The Rising - textile colour - zip/seam colour.
Ex 641600-01-101.

Facts: Measurement: adjustable height 1100-1800 mm.
When placing screens in an angle, use the corner profile
for connecting stands and complete with 2 pack foot set.

PATENT PENDING
THE RISING

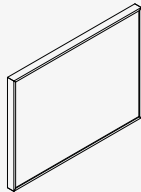

THE RISING

A floor screen that you can raise and lower freely to the desired height. Ideal in a classic desktop environment when you easily and quickly want to work undisturbed and in an open landscape to change the layout of the room. The Rising is Patent Pending. See film on gotessons.com.

BLOCK SOUND ABSORBING SCREEN

Block has a 50 mm sound absorber on each side of wood material, for good sound absorption and for stability. Block measures 1500 x 2000 x 120 mm in order to reduce sound propagation but also to create the feeling of a wall. The absorption material is made of our unique core material EcoSUND.

byAM Acoustics

A30 PEAK DESIGN BOOTH

Peak Design Booth is a booth solution with a slight tilted side screen to create dynamics and openness. The booth is coupled with zipper and can therefore be built in infinity. The height is as standard 1400 mm and the side screens have two different depths either 850 mm or 1200 mm. Select screens in the same textile or in a color scale as below to create unique workplaces. Keep clean and tidy around and under the desk by choosing a recessed cable grommet in the screens.

With a double zip on both sides the booth can be increased in length as in picture below. Pricelist height is **1400 mm** and side screens' width is **900 mm**. For other sizes, please contact Gotessons.

byAM Acoustics

EFFEKT ECOSUND CEILING

An effective way to improve the acoustics of a room without having to change existing installations such as ventilation, cables, lights, etc. is to mount Effect ceiling absorbers. With even distribution based on the needs of the local area, it becomes an affordable solution that reduces a lot of audio spread in the longitudinal direction of the room. Customize your absorbers by choosing from three core materials and laminate them with the Hush textile, available in several different colors.

EFFEKT ECOSUND

Art.No	Size/Description <i>(all dimensions in mm)</i>	Colour
Sound Off EcoSUND rectangular without lamps		
125120	1200x300x50	raw
125121	1200x300x50	dressed
125122	1200x600x50	raw
125123	1200x600x50	dressed
125124	1200x900x50	raw
125125	1200x900x50	dressed

HOW TO ORDER EFFEKT ECOSUND RAW

Art.No - Colour core.
Example: 125122-2 = Effekt EcoSUND 1200x600x50 with black core/raw.

HOW TO ORDER EFFEKT ECOSUND WITH HUSH

Art.No - Colour textile - Edge colour (core/raw).
Example: 125123-567-1 = Effekt EcoSUND 1200x600x50 with blue Hush and white edge (core/raw).

Facts: Effekt dressed can only be ordered in Hush textile.
See textiles and core material on page 8-11.

EFFEKT HANG WIRES

Hang wire to hang Effekt EcoSund in ceiling or under already existing Effekt.

Hanger 300 mm

Suitable for Effekt EcoSUND 1200x300x50.
643000-1 white -2 black -3 silver
643000-15 pearl gold -16 brilliant blue -17 olive green

Hanger 600 mm

Suitable for Effekt EcoSUND 1200x600x50.
646000-1 white -2 black -3 silver
646000-15 pearl gold -16 brilliant blue -17 olive green

Hanger 900 mm

Suitable for Effekt EcoSUND 1200x900x50.
649000-1 white -2 black -3 silver
649000-15 pearl gold -16 brilliant blue -17 olive green

EFFEKT WIRE HOOKS

Wire hooks to get space when using Effekt EcoSund as a room divider.

Space Divider 300 mm

Use to get space between Effekt EcoSUND 1200x300x50 when used as a divider.
643001-1 white -2 black -3 silver
643001-15 pearl gold -16 brilliant blue -17 olive green

Space Divider 600 mm

Use to get space between Effekt EcoSUND 1200x600x50 when used as a divider.
646001-1 white -2 black -3 silver
646001-15 pearl gold -16 brilliant blue -17 olive green

649001-1 white -2 black -3 silver
649001-15 pearl gold -16 brilliant blue -17 olive green

EFFEKT CEILING PACKAGE

Ceiling Package

Content: S hook, angle mount for ceiling and clips for ceiling rail.
643002-1 white -2 black

EFFEKT ECOSUND ROOM DIVIDER

Effekt is made in three standard sizes and has a thickness of 50 mm for good sound absorption. Effekt is hanged in wire strings that connect and form a wall. An affordable solution that reduces a lot of sound propagation in the length of the room and parts of the room in smaller rooms. Design your unique room divider by choosing from three different core materials, six different hang wires, and a variety of colors from the Hush textile. As the design of the product may challenge for climbing and the product is not suitable for it, Effect is not recommended for school and care.

THE HUT COLLECTION

The house’s simple and straight lines are inspired by the classic game of Monopoly and its game pieces that give a timeless shape to the popular and practical “room-in-room” concept.

The house can be used for several purposes; as an individual workstation, a small sit-and-stand meeting room or as relax areas combined with The Hut Sofa. New for this year is that The Hut has a door in plexi. Everything to do it even more personally and shut out the sounds from outside and close in what is said in the house. Designed by Workspace Finland and manufactured by Gotessons. Contact us for details of the new The Hut Sofa and other Hut extras.

WHITEBOARD NOTICE BOARD

Stylish and practical writing and notice boards are a must for all creative meetings. We have a variety of whiteboard solutions to offer, both those is independent of wheels, and those hanged over the screen or in our houses from The Hut Collection. Our notice boards are of good sound absorption where you either attach pictures and documents with needles, magnets or metalists.

THE HUT WHITEBOARD

Magnetic whiteboard with painted surface to hang in the houses from The Hut Collection. Write messages directly on the board or attach paper with help of magnets. The board is easy to clean and ends with a practical pen shelf. The board is adapted to the houses from The Hut Collection.

WHITEBOARD FOR SCREENIT A30 AND SOFAS

Magnetic whiteboard with painted surface to hang over our ScreenIT desk and floor screens. The board can also be hanged over our different sofas. Ends with a practical pen shelf. Magnets and other accessories for our screens, see page 36-38.

Suitable for screen 1600 mm.
101016 W. 1590 H. 990 white

Foot set with wheels for whiteboard
Lockable wheels. 4 in one pack.
643060-1 white
643060-2 black
643060-3 silver

Order procedure for Whiteboard:
1. Chose screen
Specify the article number for the screen as follow:
Screen - fabric colour - zip/seam colour.
Ex 536180-01-101.

2. Order Whiteboard.
3. Order Foot set.

ACCESSORIES
Pen shelf for whiteboard 1000 mm
Pen shelf to mount on whiteboard.
The shelf covers 966 mm of the whiteboard.
637118-1 W. 966 white
637118-2 W. 966 black
637118-3 W. 966 silver

Pen shelf for whiteboard 1600 mm
Pen shelf to mount on whiteboard.
The shelf covers 800 mm of the whiteboard. Only space for 1 shelf.
637119-1 W. 800 white
637119-2 W. 800 black
637119-3 W. 800 silver

Accessorie kit for whiteboard glass
Content: 4 pens, wiper and 10 magnets.
101050

WHITEBOARD FLOORSCREEN

Stylish and practical writing board on wheels. The glass surface is made of hardened safety glass with magnetic surface, making it easy to attach both paper and write directly to the board.

The board has four rotary and lockable wheels that allow you to switch quickly from whiteboard page to a sound-absorbing bulletin board, which conveniently attaches images and documents with needles.

STORYBOARD *BY AM ACOUSTICS*

The bulletin board for your documents. Attach documents with pins, at the metallic list or magnets. All absorbents are 50 mm thick for good sound absorption and made from our unique core material EcoSUND.

COLLAGE

Collage is a two-in-one solution combining good acoustics with a practical notice board. Collage is manufactured in five standard formats. All absorbents are 50 mm thick for good sound absorption and made of our unique core material EcoSUND.

WALL AND CEILING ACOUSTICS

General noise pollution in open spaces is an increasing problem. The ScreenIT is an A-classed sound-absorbing wall/ceiling screen. It can also be used as a pin able bulletin or memoboard with a selection from dozens of textile colours, zips and seams.

TELL-US ACOUSTIC WORLD MAP BY AM ACOUSTICS

Tell-Us improves the acoustics and enhances the interior design with its 3D effect. The sound absorbent is made of our unique core material EcoSUND. Tell-Us is as standard available with a black or a white frame and can be ordered with textile Hush from Gabriel. The textile is selected for its ability to allow the sound pass through to the acoustic panel to achieve maximum sound absorption.

643002-1 white -2 black

EFFEKT ECOSUND CEILING

An effective way to improve the acoustics of a room without having to change existing installations such as ventilation, cables, lights, etc. is to mount Effect ceiling absorbers. With even distribution based on the needs of the local area, it becomes an affordable solution that reduces a lot of audio spread in the longitudinal direction of the room. Customize your absorbers by choosing from three core materials and laminate them with the Hush textile, available in several different colors.

EFFEKT ECOSUND ROOM DIVIDER

Effekt is made in three standard sizes and has a thickness of 50 mm for good sound absorption. Effekt is hung in wire strings that connect and form a wall. An affordable solution that reduces a lot of sound propagation in the length of the room and parts of the room in smaller rooms. Design your unique room divider by choosing from three different core materials, six different hang wires, and a variety of colors from the Hush textile. As the design of the product may challenge for climbing and the product is not suitable for that, Effect is not recommended for school and care.

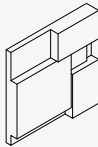

NIVÅ ECOSUND SOUND ABSORBING WALL PANEL

Nivå improves acoustics and its design makes it a feature in any room. The panels can be varied to form different patterns in different colours, with or without textile. Nivå is made of our unique core material EcoSUND. Our core material is available in three colors, and with the possibility of laminating with several different textiles, your wall becomes almost unique.

The thickness of the absorber varies over the surface from 30 to 80 mm in the cut rectangular and square patterns.

HONEY ECOSUND WALL PANEL SOUND ABSORBENT

Honey is a playful and modular wall panel that can be varied to form different patterns in different colours, with or without textile. Honey is available in three thicknesses — 20 mm, 40 mm and 50 mm. All panels have good sound absorbing properties. Honey is manufactured with a straight edge and comes with velour backing for easy mounting with Velcro. The sound absorbent is made from our unique core material EcoSUND. Our core material is available in three colors and with the ability to dress textiles in several colors your wall becomes almost unique.

www.gotessons.com

A man in a light-colored suit jacket and a grey vest is holding a white laptop. He is wearing a white shirt and a watch on his left wrist. The laptop is open, and a white cable is visible running from the bottom of the laptop. The background is a blurred office setting.

CPU / LAPTOP HOLDERS CABLE HOLDERS CABLE COLLECTORS RECYCLING

CPU/ laptop holders not only save space at the workstation, they are also equally practical and ergonomical. A full range of products in all shapes, sizes and budgets including anti-theft solutions.

Cable clutter, not only aesthetically a nightmare, it increases the risk of fire. Good cable management results in better hygiene and makes cleaning office spaces more efficient.

SETUPIT

A rotating recycling station with removable containers for paper and other materials.

SETUPIT WITH PULL-OUT PEN DRAWER

Suits well without distances on most desktops.

WE WORK TOGETHER!

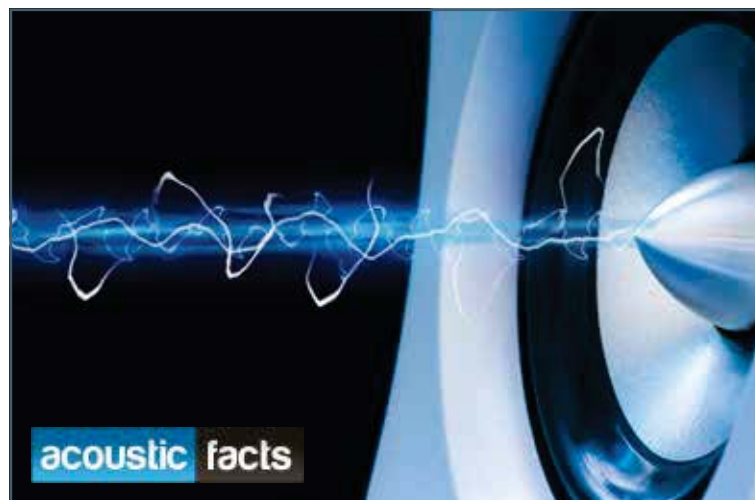

AM ACOUSTICS & Gotessons

One of the great news this year is that we welcome nine acoustic products from our affiliate company AM Acoustics, which now will be included in our product range. The same acoustic benefits and the same excellent quality, but under the flag of Gotesson. We are very happy about that! We have tagged the products with the label "by AM Acoustics" to help you find the products in the catalogue and on the web. On the image to the right you see new product *Effekt* a very efficient sound absorber and room divider. Make the product unique by combining your choice of textile, core material and colour on the hang wires.

A BETTER looking sound

Together with AM Acoustic, we have accumulated an understanding and knowledge about acoustics over the years. Partly through all the projects we are involved in, but also through close and frequent collaborations with acousticians and interior designers. As we develop our products and acoustic solutions, there are, in addition to the acoustic aspect, environmental focus, form and format flexibility as well as the ability to integrate and strengthen other interior design, which are important factors for creating "A Better Looking Sound." We test all our products according to Swedish Standard SS 25269.

DESIGN your products online

In association with pCon planner, we have composed a digital design tool for our textile products on the web. This allows you to design a product with colour, zipper and seam of your choice and download these in a variety of image and drawing formats. You can also use your own designed products in your drawing program with other interior design objects. You can find all Gotessons range of products in pCon planner, such as plants, monitor arms, soft seatings, desk and floor screens, and the popular *The Hut Collection*. Welcome to design your own products on gotessons.com.

BIGPRINT a maximized sound absorber

If there is a need for a bigger sound absorbing print, our colleagues in Falkenberg will help you with this. They are professionals and pioneers in Sweden to produce large printed absorbents according to customer needs and design.

Bigprint is a sound absorber that lends itself to be the centerpiece of your design. Decide upon graphics using a photo/illustration of your own, or purchase a photo from an artist of your choice. Bigprint come in sizes of up to 50 x 5 metres without having to cut the canvas, something that has been requested by many interior designers.

- Produced with AM Acoustics' EcoSUND core material.
- No cutting of the canvas or seam.
- You decide the format and size.
- Can be delivered in super large sizes but works fine in smaller sizes too. (We deliver Bigprint in small packages)
- If you want to change the image/canvas in the future, only new printed fabrics need to be purchased. The aluminum frame and Ecosund sound absorbers remain intact.

WE WORK TOGETHER!

ELECTRICAL ACCESSORIES

Vibrant business rooms, quiet IT rooms, creative rooms, hotel rooms or conference rooms, regardless of the environment, we offer the appropriate solution for much needed downloading, access connections or recharging. Regardless of connections and technologies, we solve your needs.

BI-BOX / BI-LID

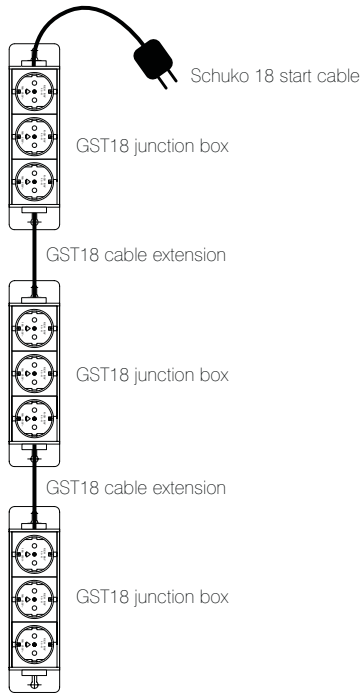

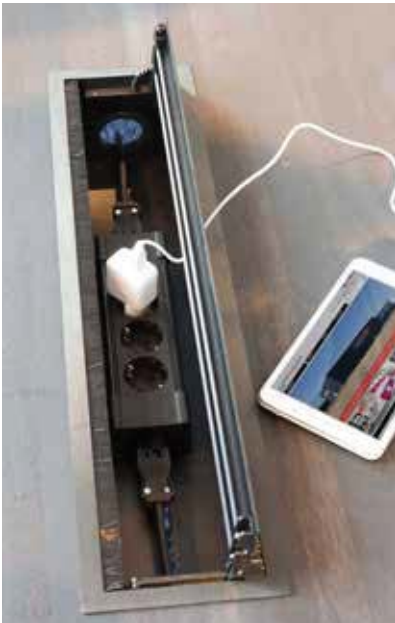

Bi-Box is a lateral openable lid and cable box in one. The lid can easily be opened in both directions. Soft close function. Add sepearte Power Inlay. See video at www.gotessons.com. Bi-Box is available in two sizes. The table cut out hole are the same as Gotessons original Power Box single/double.

Bi-Lid is only with an openable lid.

For more information about cable length etc, see www.gotessons.com. For French/Polish sockets add -FR behind art.no. For UK sockets add -UK behind art.no.For Danish sockets add-DK behind art.no.

GST18

STARTING FROM SCRATCH ...

Ola Götesson developed the world's first cable tray in 1992. It was and still is an important part of Gotessons history. A lot of new products have been developed over the years but the basic idea is still the same, an optimally functioning workplace.

Our strength is that we now have a large product range with coordinating design to fit optimally with each other for a functional and attractive workplace.

The pictures speak for themselves, also see product videos at www.gotessons.com.

GOTESSONS 2018

For pictures, drawings, movies and other information, see www.gotessons.com.

GENERAL INFORMATION

Terms of delivery:	According to agreement.
Deliverytime:	L 2-5 days In stock, dispatch 2 - 5 days B 5-10 days Delivery 5 - 10 days B 4-6 weeks Delivery 4 - 6 weeks For larger orders or special delivery, information will be sent separately. We reserve the right of longer delivery times for some products.
Terms of payment:	According to agreement. Excl. VAT. We reserve the right to adjust prices.
Delivery:	According to agreement (immediate delivery where possible). Damages during transport: If the packaging arrives damaged, report directly to the transport company and note this on the delivery sheet when signing. We reserve the right to deny damage claims if this is not done.
Claims:	Any claims should be made to Gotessons within 7 days from reception of goods, including proof of picture. Gotessons must approve returns in advance. Returns due to mistakes in the order caused by customer will be credited by 80% of the value of the invoiced product. Products must be returned in the original packaging. Freight costs will be paid by the customer. Please note, this does not apply to special or screens, no returns can be accepted.
Guarantee:	2 years. (Apply to seats with recommended fabrics.)

QUALITY ISO 9001:2000
ENVIRONMENT ISO 14001:200

Our policy is to continuously improve our products and performance. The environment is an integral part of all our business operations, we aim to be sustainable in all meanings of the word.
